Rebuild the twins, just in order to remind! we need it! rebuild the skyline of NYC!

GRAHAM MURDACO * All Other Americans 12/14/2008
The twin towers should be rebuilt!! It's pretty sad that these disgusting politicians don't seem to care we the tax payers want the towers built! So do us a favor and cancel the "WEAK Tower" and rebuild the damn TWIN TOWERS!

Michal Ruzicka Citizens of Other Nations 12/14/2008
America leaded by Barack Obama will be stronger so Twins should be rebuilt !!!

Marek Lukac Citizens of Other Nations 12/14/2008
Everyone wants them back!!!
These iconic towers were more than buildings!!!
PLEASE REBUILD THEM AGAIN!!!

Alvaro Brandon Metro New Yorkers 12/13/2008
Rebuild the Towers exactly the way they stood in 2001. That would be the ultimate memorial to the many who died on that day. The cowards who did this to us should be denied the satisfaction of changing the skyline of New York forever. Every time I look at the NY skyline and see the void where the Towers were, I remember this cowardly attack. We should fix this and return the Towers to their glory. That would be a huge slap in the face for these idiot terrorists.

Denny Trudell All Other Americans 12/11/2008
The Twin Towers must be rebuilt, this time even taller than the Sears Tower by at least 100', to show everyone in the world that they can never beat us, to make New York, New York again, and to show that all those innocent people did not die in vain, like the soldiers in Vietnam! God bless their souls. If these Towers are not rebuilt, I and the rest of the nation will be ashamed to call ourselves Americans. You might as well give the terrorist the keys to the White House. NOW GET IT DONE!!!

Josiah Kester All Other Americans 12/10/2008
If we do not rebuild, then the terrorists have won. No greater memorial would stand to those who died, than to have the twin towers rebuilt in their honor.

Michelle Warren * All Other Americans 12/10/2008

Chris Steer All Other Americans 12/10/2008
I believe we should rebuild the towers and make them one floor taller to show the world and our enemies we

I support Rebuilding!

Seth Malizia All Other Americans 12/4/2008
We do not need to let these terrorists dictate on how we live our lives. We need to rebuild the towers to show the world for what we stand.

Matt Morgan All Other NY & NJ Residents 12/4/2008
It should not be too late, rebuild the Twin Towers taller and stronger as a symbol of American strength, courage and resolve.

Monica O'Flaherty Citizens of Other Nations 12/2/2008
Please rebuild those beautiful twin towers. I miss the observation deck in tower 2 as well as the windows on the world restaurant in tower 1. The towers will rise again.

Tony Grayson All Other Americans 12/2/2008
People should realize that the Freedom Tower is only being built because of other peoples greed. It isnt something that needs to be built at all. We need the Twin Towers back! They weren't a target because of their height, they were a target because of what they stood for. They stood for the unity on the strength of America and thats something that the terrorists hated, and thats why they were destroyed. Not building the Twin Towers again means they won! Lets rebuild now!

Dennis Cornea * Citizens of Other Nations 12/2/2008
Hi I'm Dennis, and I'm from Australia.

May God Bless all those family members of the victims of terrorist attacks around the world. I believe terrorists will never win and that the twin towers will return to New York Bigger and Better than before. I support the New World Trade Centre.

nell johnson * All Other Americans 12/1/2008
They need to be taller than before. Showing our strength and beliefs than we can come through anything as a nation.

Graham Rush Citizens of Other Nations 12/1/2008
New York will be complete again with Twin Towers, stand tall America, literally.

I miss those towers so much. They bring back so many memories in the years before that terrible

will never give up and any attacks against us will make us stronger and fight harder. By not rebuilding them we are letting our enemies win. Letâ€™s show the world what Americans are made of!!!!!!

The Twin Towers were not only two rectangular prisms at the tip of Manhattan, they were a symbol of strength and freedom for this country. What is the point of building a "junkyard" of closely accumulated buildings that have no symbolism towards the devastated of 9/11 or for the rest of us Americans? The people of New York City woke up every morning, expecting to see the pride and endurance of those two buildings taking up space, and they're expecting the same in the years to come.

TTA Note: This message was revised because the gentleman who left the comment asked us to make some changes to it.

 **Gordon Fraser** Citizens of Other Nations 12/9/2008

Bring back the towers or leave it bare. Don't go soft America.

 **Nicholas Ackerman** All Other Americans 12/9/2008

This is America where things are done BIG and BOLD! Freedom Tower is way too futuristic looking and does not blend in whatsoever with New York. In my personal opinion, Freedom Tower is a slap in the face to New York and America. Rebuild the twin towers and make them BIGGER than they every were.

 **Michael Kouznetsov** All Other Americans 12/8/2008

Not rebuilding the Twin Towers would be a sign of defeat. I've seen videos advertising the Freedom Tower and they flat out say that they took our twin towers so let's build something smaller. I want New York to be New York again!

 **Derek Trujillo *** All Other Americans 12/8/2008

I was in the 4th grade when the towers fell. I was in NYC last year and the hole left in the skyline without the towers is horrifying. Put them back and tell Osama to kiss it!

 **Dylan Vickers *** 9/11 Survivors & Families 12/7/2008

i relly hate those people who did this to new york city i dont live in new york but i feel for everyone who had to suffer. peace out :D :D :D

For the sake of those who lost their lives, we can not allow terrorists to scar that site. Rebuilding will show we cannot be stopped.

If any other national monument in the world was destroyed it would be rebuilt. Come on NY get building, hold up that torch.

 **Billy B.** Citizens of Other Nations 12/6/2008

Why Get the Artists frustrated with this Freedom Tower. I was drawing a nice picture of Manhattan and the new WTC was all over the place, attenas and sharp pointy things?! I decided to draw a picture of the skyline from 1999 and was ABLE to because the Design Worked!

 **Joe Verrill *** All Other Americans 12/6/2008

Why give them the satisfaction? Build it better than it was.

 **Todd Niehaus** All Other Americans 12/5/2008

I'm really embarassed that the so-called "greatest nation on Earth" can't erase this physical scar (the hole in the ground) and rebuild the site! How are we supposed to convey our strength and resilience if it's taken this many years just to have a well-groomed hole in the ground? Enough! This is a lousy tribute to those who were taken away on that fateful day. If they're not going to get their acts together and build something, then fill the hole and plant trees as a memorial.

 **VICTOR SABOT *** Citizens of Other Nations 12/4/2008

tragedy. They must be rebuilt because they will inspire us americans in these tough times ro take an extra step. I can't wait to step into the new towers. I was 6 when 9/11 happened and I would love to see the new wtc twin towers.

 **Warren Maguire** Citizens of Other Nations 11/30/2008

New York lost its identity the day it lost the Twin Towers.

 **Andrew Maguire** Citizens of Other Nations 11/30/2008

newyork needs the twin towers-so it can be newyork again i speak on behalf of all Australians

 **Alejandro Gallardo** All Other Americans 11/28/2008

The "Freedom Tower" (more like Surrender Tower) is a disgrace to everything America stands for. If we build it then we let the terrorists know they got to us. We should build the WTC taller than before.

â€œBut now we have a choice: whether to implode and disintegrate emotionally and spiritually as a people and a nation — or, whether we choose to become stronger through all of this struggle — to rebuild on a solid foundation.” – Rev. Billy Graham, September 14, 2001

We should not alter, change, diminish, or hide American pride. The twin towers need to stand again, taller; we are no longer victims.

 **Rob Noel** All Other Americans 11/23/2008

This would send a clear message

 **Dave Chadderton *** All Other Americans 11/21/2008

If Americans get knocked down we get back up! To have some crackpots take away the most recognized symbol of America and NOT put it back up is unthinkable. The towers need to be rebuilt as they were.

 **Jeff Sheets** All Other Americans 11/21/2008

When a hero gets knocked down, there is no whining or indecision. The hero gets back up and fights. Are we mice or men?

The greatest victory of terrorism is to see how America has given up freedom in the name of security. Rebuild the towers taller and stronger then dump the patriot act. No fear here.

 **Beverly Cooper *** All Other Americans 11/20/2008

I had no idea there was a plan afoot to rebuild the towers. THAT is what should have been done by now!!! What is this capitulating to the Terrorists?? This is our country. If I hadn't been on Mark Levin's website, I'd not have known.

 **chris stekardis** All Other Americans 11/19/2008

No doubt the towers should be rebuilt ! Bigger, Better , And More beautiful than before...

 **Landon Downs** All Other Americans 11/18/2008

Wow I wish i knew about all this earlier! I think I will help by purchasing the bumper sticker that says "We are not stuck with the Freedom Tower" and sending it to Mr. Ward and say "I just thought you might wanna put this on your car" lol it could work.

 **Kelly Fisher** All Other Americans 11/18/2008

I Just read this comment on the NYTimes site on an page regarding the PA questioning saying- "Remember the Saying Be careful for what you wish for because you just might get it? funny b/c i dont ever remember any 1 asking for the Freedom Tower and there getting it anyways?!New York has defied everything from its maze of under the city lines that keep the city alive to building when space is needed and expanding the shoreline and we cant rebuild 2 Towers?" We need a better response than the FT.

I am French and American, my dad use to work there as a trader. but we came back in france in 1999. My sister was studyin in NYC and was in the subway station when the Wtc collapsed she is ok.... I'm lucky... Part of NYC spirit died with the towers, i used to live in NYC. GIVE THEM BACK. At a moment i thought i was the only one to think that twins should be rebuild. But now thank you for what your doing. i will never thank you enough. you are my hero. God bless AMERICA

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
