I support rebuilding the towers: higher, wider and stronger.

**scott arenella** Business Supporters 9/4/2006

I want the public to really decide. Unfortunately, this is the first time I ever heard of this movement. We the people shall decide!!

**Anna DeMarinis** All Other NY & NJ Residents 9/4/2006

I watched the towers go up and was proud. I watched them crash down and was stunned, distraught and enraged. They need to be built again, to show the jihadis that we are stronger than they are. They can knock us down but we will stand again. I don't live in NJ now, but I grew up there and still consider it home.

**renee diano** All Other NY & NJ Residents 9/4/2006

Nothing other than the original structure would be unacceptational. We are a strong city, and should rebuild the World Trade Center just as it was, and add a memorial level for those who lost their lives. Show those terrorists they did not win...

**Elaine Rackett** All Other NY & NJ Residents 9/4/2006

God Bless America and Pray for those lost to us. Preserve the memory by rebuilding the towers – our symbolic tribute to those who perished.

**Amanda Voss** All Other Americans 9/4/2006

**Paul Heimler** Metro New Yorkers 9/3/2006

I was working at 40 Worth Street from 1965 to 1991. I remember when the World Trade Center was under construction and I have been going through it hundreds if not thousands of time.To me it had been a personal loss. I would like to see it rebuilt to its original design. Leave all politics out of it and I do not believe that widows of that day has any more right than all the rest of us.O ver 30,000 citizens die each year on the Nation's highways. What about their widows and widowers???

**Aaron Warner** All Other Americans 9/3/2006

I think the towers should be rebuilt, stronger, but the same design, and taller. As a gesture of defiance to the animals who destroyed the buildings

**Rex Henrik** Citizens of Other Nations 9/2/2006

I miss the old Twin Towers very much , New York skyline just looks wrong, and with Freedom Tower it looks even more wrong, where is the other Tower u may say and remember 911 over and over again, not fair for anyone.

LOOKS ALOT BETTER THAN ANY OTHER DESIGN I'VE SEEN. BUILD IT BETTER, AND HIGHER. USE THE SIDES FOR THE BIGGEST MARQUIS AND WIRELESS TELEPHONE ANTENNAS

**STEVE GUARIN** All Other NY & NJ Residents 9/2/2006

I wish to add, what is surely implied, the inability to fill the tenant space. As per the usual American businessman desire to see immediate profit they feel that a full size twin tower will not produce a rent payer/profit ratio quickly. I want to remind that the original towers took over 10 years to rent out.

**Mark Pinzon** All Other Americans 9/2/2006

For the love of GOD, rebuild the Twin Towers.

**K McKenny** All Other Americans 9/2/2006

**Justin Szobota** All Other Americans 9/2/2006

The memorial to 9-11 is not just a memorial to New York, but to all of America. I also believe that the people of New York should be able to vote on the issue of how the memorial should be built. It should not be determined by an elitest few. Personally, I think they should also make the towers even bigger than before.

**Joan Kelly** All Other NY & NJ Residents 9/1/2006

It takes true genius to make what is difficult seem simple. Let's do it!

**mal schmidt** Citizens of Other Nations 9/1/2006

yes i agree it should be built can not let this desarster happen and not rebuild other wise they have won show that freedom can not be stoped this is what life is about in respect for the people that died i could not see them saying any thin but put it back up hope it goes up for all to enjoy

**Joseph McCullough** All Other Americans 9/1/2006

The story of the buildings is available as newer sites are and is best viewed on full-size monitors.

 **Ann McMillan \*** Citizens of Other Nations 9/3/2006

This is a brilliant idea, it will be a perfect memorial for those lost and it will be there forever. I know it. We all do. This is perfect, whoever thought of it, I salute you. We need this, I may only be 12, but I know how important this is, and I want it to happen. Nothing could be better than the Twin Towers standing tall over New York again, nothing could be better than filling the skyline again, nothing could be better than seeing that we are not defeated, that we can beat terrorism. We can.

 **Peter A. Gerbasi** WTC Tenants Who Would Return 9/3/2006

For eighteen years, beginning on May 3, 1973 until March 29, 1991, I was the Senior Public Buildings Manager for the State of New York. During that period we occupied the 23rd thru 85th floors, plus space on the sub-grade levels B-1, B-2, B-3 & B-5 of Two World Trade Center. I was retired and New York State was no longer a major tenant on 9/11. However, I almost lost my son who is an NYPD Officer and on that day was assigned to the First Pct. He now has 8" of stainless steel in his rt. arm.

 **Gary Lux** All Other Americans 9/3/2006

Rebuilding the Towers would be the greatest Memorial to the HEROs and victims of 9/11.

 **David Hansen** All Other Americans 9/3/2006

It defies logic not to rebuild. The twin towers issue is emblematic of what is happening in our country in general: failure to enforce immigration law; no drilling for oil in ANWR; fear of nuclear power generation; whining by Katrina "victims" in New Orleans; ..... Keep up the good work!

 **Bill Marco** Metro New Yorkers 9/3/2006

I think we should rebuild the towers the same way we need them in the skyline. we need to show the terrorists they cant take the towers away from us,i always thought the towers were so great to see i know all of the newyorkers would love to see the towers again we need them back. NO FREEDOM TOWER,WE NEED THE SAME OLD TOWERS BACK GOD BLEES AMERICA.REBUILD THE WORLD TRADE CENTER.

 **JORDAN WOOORELL** All Other Americans 9/3/2006

BRING THEM BACK WE ALL MISS THEM  
GOD BLESS BILL, MY FRIEND WHO BEGS FOR THESE TOWERS EVERYDAY, BE GOOD AND BRING THEM BACK TO HIM!!!!

Nothing at all could be a more sincere tribute to those lost!...Osama, your bones will be in the cornerstone! Iran, your blood will bind the mortar. Israel, build a temple on site and revel in your glory! Death to islamic fascists.

This is not only a must for today's generation but for all generations to follow. New York needs to rebuild so that all of the world can see that it will never allow any person or persons to scare or intimidate the soul of our freedom and democracy. You can fly into buildings all day long and you will never be as strong as we are !

**It is a grave injustice to the people who died, as well as the survivors and all Americans, to not rebuild these towers.** To not do so means that this evil has won. \*Nuff said

 **Daniel Disimile** All Other Americans 9/1/2006

**They were perfect they way they were.**

 **James Simpson** Citizens of Other Nations 9/1/2006

It was a great tragedy what occurred on 9/11, an event that shook the entire world, no matter where you lived. To see anything less than The Twin Towers reborn would be accepting defeat to terrorists. I as a Canadian hope that the rebuilt Twin Towers have the same eloquence and inflicts the amount of pride of not only New Yorkers but everyone that the original Twin Towers did.

 **TIM MCDONOUGH** Our Armed Forces & Families 9/1/2006

This is the only course of action that makes sense , not a useless underground memorial! as a 16 year veteran of the armed forces and as a life long New Yorker (born and raised) Lets put the towers back where they were!!!!

 **Ed Neil** Citizens of Other Nations 9/1/2006

Build identical towers – but make 'em a few floors higher.

 **Betzalel Karan** All Other Americans 8/31/2006

The towers should resemble the exact replica of what 19 islamo-faciasts destroyed on 9/11.

 **Bryan Robinson** All Other Americans 8/31/2006

 **Alan Davidson** Port Authority & Families 8/31/2006

The towers must be rebuilt as they were only higher!

 **Vincent DeMartino** All Other Americans 8/31/2006
