**REBUILD THE TWIN TOWERS!** Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

The fact that we haven't put the Twin Towers back up in nearly 6 years is completely unacceptable. We (as Americans) should go out of our way to reconstruct these symbols of Americanism as soon as possible. There's no reason why the towers cannot be reconstructed, with appropriate safety and security improvements, within 2 years.

Let's put aside the politicking and immediately put up these two great symbols of American success — the Twin Towers.

**CMCR David Leach** Our Armed Forces & Families 6/15/2007

Rebuild the Towers, and show the world that the people and beliefs of our great nation shall never be shaken.

**James Enright** 9/11 Families & Close Friends 6/15/2007

Rebuild the towers, bigger and stronger than before.

**Charles Anaya** All Other Americans 6/15/2007

Rebuild the towers! Anything else built would be inferior to what was there before. To rebuild the towers would be the best memorial to those who died.

**Joseph Cantelmo** 9/11 Survivors & Families 6/15/2007

9/11 Never forget!

**Anne Fallon** Metro New Yorkers 6/15/2007

Fill the aching gap in the skyline! Every morning commuting from NJ, the Towers were the visual object for my day's blessings "God bless this day and all that's in it" is what I would say looking at the Towers. I used to see the Towers from a 2nd floor window in my NJ house. I looked for then when I crossed over Rte 3 to the grocery store. I still look for them, I still try to bless my day searching for something that held as much meaning. There is none. My heart aches at the empty sky.

Rebuild the twin towers they are a unique emblem of NY

**edward homer** All Other Americans 6/9/2007

The ONLY thing to do to show them what we are all about is to rebuild.....just as they were before....only stronger. Maybe even one story higher. Show them they can NOT break our will. Never forget.

**Scott Nicholls** Citizens of Other Nations 6/9/2007

**Patricia Green** All Other Americans 6/8/2007

I'm a native New Yorker and I can't imagine another building rising in the spot of the Twin Towers. **I miss my Towers and all I can say is put them back! Nothing else will do!** Whenever I come back to visit NY, I want to puke when I see that gap where the Towers once stood. Restore NY's skyline to it's greatness by putting the Towers back.

**Stephen Hendrix** All Other Americans 6/7/2007

**Frank Haberle** Metro New Yorkers 6/5/2007

Rebuild it-the same as before, stronger, better.

**Nancy Harper** All Other Americans 6/4/2007

Rebuild the towers as they were, not a new design, but exactly as they stood before. Standing resolute in the New York skyline. My previous employer had a branch office in one of the towers, and were lucky enough to have all gotten out. Unfortunately, one of our agents, Marsh & McClennan wasn't as lucky. We can never forget what was done to our citizens and who did it. NEVER FORGET

**Henry Hemmans** Metro New Yorkers 6/4/2007

I used to work in WINDOWS on the WORLD. I lost alot of good friends and I lost a woman who I was looking to marry. I have never been willing to talk about what happen to me just before 9/11/01. I will say this i have and a proud New YORKER. I fell that if our government fell that we need a freedom tower. Then they are right. I just fee that that there tower should not be built on top of our love ones. I hope that we could rebuilt and show the love of our fallen ones by showing the towers r back.

**Filipe Oliveira** Citizens of Other Nations 6/3/2007

I'm from Portugal and have a NY skyline poster on my bedroom wall and an american flag on the front wall. I say i want the Towers back, so we (both the US and the West) show the terrorists that they don't have the power to change our freedom!

**Rob Sleath** Citizens of Other Nations 6/2/2007

To see the towers rebuilt would show the world that

Please rebuild! What is the New York skyline without the Twin Towers?  
Looking forward to be back in The Big Apple!

 **Tony Laurie \*** Our Armed Forces & Families 6/13/2007  
Rebuild the Twin Towers exactly the same as before, but with more modern technical specs and safety measures.

Born and raised in D.C. (we're a part of 9/11 too). I've only been to New York once as a kid in the early 90's. The memory that stays with me the most was the site of "The Towers" still visible miles outside of the city as we were heading home. My eyes glued to the back window until "The Towers" were completely out of site. I will return to New York one day, and when I do, I want to see MY TOWERS!!! I miss them. WE AMERICANS WANT OUR TWIN TOWERS BACK, NOW!!!!

 **Grady Beard** All Other Americans 6/11/2007  
To honor our dead and the heroic efforts of the rescue personel, a simple "memorial" is not adequate. Only resurection can heal us. We must show our unwavering solidarity... and if the developers who stand to make millions erecting the archetectual "slaps-in-the-face" Freedom Tower donot submit to the public will, then they need to be removed by the government. They work for us. Not for their pocketbooks. Thank you!

Rebuild the Twin Towers !

 **Douglas Hutton** All Other NY & NJ Residents 6/11/2007

America is a nation that is not afraid. America should stand up against the terrorists and build them back just as they were. They should not admit defeat.

 **Jane Smith** All Other Americans 5/31/2007  
Let's rebuild.

 **Jenah Allen** All Other Americans 5/29/2007  
Do what is right! Do the same people of America that stood together on the day of 9-11 deserve any less?!  
**Let our soldiers have something beautiful and meaningful to come home to.**

 **Lawrence Rolfo** All Other Americans 5/29/2007

I was born and raised in New York. I worked for 22 years at the American Stock Exchange. After being laid off from the exchange when Nasdaq took it over I moved to Florida with my family. The tragic news of 9/11 broke our hearts. The only way to defy the bastards that destroyed the WTC would be to rebuild it exactly as it was. It would be a double F-you to them.

 **chad hendrick** All Other Americans 5/29/2007

i am extremely disapointed that there are no "twin towers" being looked at. how can you not rebuild them? they are a historic symbol of america, our pride and accomplishment, and you will let that get thrown away? **i can understand a little redesigning but not just forgetting that they were there.** that is exactly what "american haters" want, for us to just bow down and say, "ok, we'll change because you have slapped us". where is our american pride, our resilience when hit to say "you didnt win because they still stand, and we are stronger now". the towers were a symbol of new york that made all americans want to come and see the great city on the bay, even if they were not from there. they made new york a pillar of greatness above all other cities. a single building is nothing more than ordinary no matter what the design, dallas has buildings, but i dont care to drive and see them. people from all walks of life dream of seeing the twin towers up close, and hold that image of them as "the gates of freedom beyond the statue of liberty" to so many, they represent the greatness this country stands for, and it is unfair to rob our future generations of this awesome feeling they bring all because we dont stand tall and rebuild them stronger than before. i ask...i beg, preserve our pride, preserve our accomplishments.....preserve our twin towers. rebuild, dont replace. thank you and god bless america!

 **Joe Wurdack** All Other Americans 5/29/2007

We cannot let this happen- anything less than fully rebuilding is letting the terrorists change America, their victory.

The only lasting memorial to the victims of 9/11 - and to restore a symbol of who we are as a free nation - would be to rebuild the twin towers even stronger than they were before.

 **Douglas Wilson** All Other Americans 5/28/2007

I fully support the plan to re-build the twin towers in their original glory. To do anything less would be an abomination. Send a strong and clear message that we will never be defeated!

I believe that the towers must be made exactly how they once were, to show that even in the face of sheer devastation the American resolve can shine through as bright as ever. And freedom tower? pffft.. Bring back the glorious momuments to the glorious city of New York.

We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.**

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.
