REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

Yes, we need our twin towers back...but can't we do better than the design proposed here?

TTA Note: The beauty of the Twin Towers II plan is that it is structurally ready to build and to surpass the current site plan. That is the most critical element, since this is nothing but a political problem and a political solution is only possible because there is a full-fledged plan ready to construct that would meet the most important imperative: restoring the skyline. The cosmetics of the design are open and responsive to public opinion — that is not something that would create delay.

 **Lee Bradshaw** Citizens of Other Nations 6/13/2008

I had the privilege of visiting New York in early 2006 and so many New Yorkers in their homes and places of business had posters or framed photographs on their walls of the New York skyline WITH the Twin Towers in all their beauty. Rebuilding them is not to disrespect those who have passed, but to help us remember what they unwittingly died for – freedom. I should very much like to pay my respects again when next I visit New York, not to a hole in the ground, but to the rebuilt Twin Towers.

 **Joshua Stephens *** Architects and Builders 6/12/2008

we get the towers: we're showing we are better than them and we will have a lot of jobs. we build Freedom towers: we are showing that we are wimps and that we have no strength and we'll look at 3 shiny, futuristic towers that show we're BIG WIMPS.

At first I thought it would not be right, but NOW I believe that the terrorists would win if we don't! Our elected reps. are cowards...

 **Karl Haschart** All Other Americans 6/10/2008

To rebuild the towers in their original outward design would be a more meaningful statement than a new design which would be a forever monument to the extremists of the 7th century religion.

 **Themis Lopez** All Other Americans 6/10/2008

They are part of us, the united states. Rebuilding them again will be an inspiring and powerful move. They are beautiful and we need them again.

A tragedy can be viewed as great strength. When we turn around and rebuild the skyline with what was meant to be in a greater way. It will be viewed as a constant reminder that we should strive to be stronger and better always. Our New York residents and their families suffered a loss insurmountable to the emotions that run deep in their hearts. Lets make "The New Towers" a symbol for "The Heart of our country"

 **Brett Barber *** Citizens of Other Nations 6/1/2008

Rebuilding the towers to their former glory would be a much more powerful statement than the Freedom Tower could ever be.

 **Robert Powell *** Citizens of Other Nations 6/1/2008

The twin towers defined the NY skyline. No other option therefore would symbolize New York's recovery than the restoration of that skyline. To do anything else not only, in my opinion belittles the memory of everyone lost that day but also denies NY and the US the ability to make the statement to the world, "We're back."

 **PAULA MANROW** All Other NY & NJ Residents 6/1/2008

every one is still in my prayers. i am so glad they made the monument.they may try to hurt us (our country or our military) but we are still the LAND OF THE FREE. GOD BLESS YOU ALL.

 **Robert Langston** All Other Americans 5/31/2008

A building is beautiful because of what it is. Our 'Twin Towers' memorial shouldn't be a useless reminder of the power that our nation's enemies have over us. The only proper memorial would be buildings that would serve exactly the same purpose as the buildings that were destroyed, only better. Build them taller and stronger, if anything, but rebuild them as they were before.

WE NEED THE TWINS BACK!!!!

im sorry but the ny skyline looks fucked up without them, i may be from Australia, but i DO care for the twin towers, and i am fighting your battle with you!

 **Jake Strode** Citizens of Other Nations 5/30/2008

Rebuilding the twin towers would show everyone around the world, including terrorists, that the will

The Twin Towers were a major landmark in the world of today and **it would be a shame to admit defeat** and show the terrorists that **we cannot repair what they thought they undid!** Let us unite as people and americans and **REBUILD the Pride of America and New York City's Skyline!!!**

Joseph Cancel * All Other Americans 6/10/2008

I strongly believe that **we should rebuild the World Trade Center towers.** I've always wanted to see the towers up close and never had the chance too. The towers were beautiful and I think America needs to build the original back up as a way to show foreign countries that we are strong people.

Kristen Brand All Other Americans 6/9/2008

Please rebuild the towers! they are a symbol of freedom and america! and **the symbol of the greatest city in america New York!** and **it wouldnt be new york without them!**

Travis Dixon All Other Americans 6/9/2008

Recently our band took a trip to New York City to perform at carnegie hall. When i was there i was truly amazed by New York City. It was beautiful and amazing! But something was missing when i was there, and it was the Twin Towers. When you search for pictures of New York City the first thing you see is the Trade Centers! They are a symbol of NYC. **I strongly believe that there would be no better way to show our strength then to rebuild them. PLEASE Restore the New York City skyline!**

Susan Stofira All Other Americans 6/9/2008

You used to be able to see the Towers from the high points of my hometown in NJ. **I'd love to be able to see the Towers from there again someday!**

Frances Alvarez Metro New Yorkers 6/9/2008

The twin towers should be rebuilt as they were originally. It represents freedom... also shows the world that we are strong...and **we comeback stronger than ever.**

Brian Fox Metro New Yorkers 6/8/2008

Build back the twin towers ! Not, 110 floors but 220 floors and 2,001 feet tall. NOW WITH THE NORTH AMERICAN UNION AND THE NAU.

Scott Hendricks All Other Americans 6/8/2008

YES REBUILD THE TWIN TOWERS !!! IF WE DO NOT WE ARE ADMITTING DEFEAT AND SHOW OUR WEAKNESS !!! WE ARE STRONG AS A WHOLE; **LETS SHOW JUST HOW STRONG WE ARE BY PUTTING THEM BACK !!!**

Maria Jaco * All Other NY & NJ Residents 6/8/2008

I believe that they should be rebuilt the same way that they were before...and stronger! **Nothing would raise more American pride** after such a tragic and disheartening event then to prove how united and strong we are.

Christopher McDaniel All Other Americans 6/7/2008

Rebuild, not Retreat.

Joe Griffin * All Other Americans 6/7/2008

To build a memorial instead of rebuilding the towers is a ridiculous idea. A memorial serves no purpose except to make the terrorists and liberals feel good about themselves.

Markus Prechtl Citizens of Other Nations 6/6/2008

Nothing fits as good to the skyline of NY as the twin towers did. They would be memorial, financial heart and the center of New York in one. They would be a national monument like washington monument or the lincoln memorial. The current plan which contains the footprints of the twintowers look like a grave and **does not fit in such a lively and progressive city** like New York. The new twintowers would symbolize strength rises like a phoenix!

Jay Kavanagh * Citizens of Other Nations 6/5/2008

Hope there rebuilt, building a single tower is basically letting the terrorists win.

and determination of this country has been and is still being tested. But, also to show everyone, that we can overcome such adversity and look to the future. Not only for perseverance, but to also honor those citizens and the emergency personnel that lost their lives.

Brian McFarland * All Other Americans 5/29/2008

Rebuild the towers and fit one of them with 16, 50 caliber machine guns, 4 facing each direction and men on stand by 24/7. Its a populated city, i know but the casualties will be much less then the mental stress of another attack which could never be counted out because of the winners we have in government office.

Rory Sullivan All Other NY & NJ Residents 5/29/2008

The Iconic world trade centres where an inspiration prior to 9/11 as they are today. The feeble excuse of the new design is both an insult and an abomination to all those who lost their lives on that day.

I spent an afternoon in august 2001 just sitting on the Plaza in simple awe of these megalithic monuments, testament to mans enginuity and desire for progression in 1973... 35 years later we seem to of lost direction and a simple desire to do what's right. Keep the faith friend.

Ryan Rosenfeld All Other Americans 5/21/2008

It's nice to know that there are many Americans and people worldwide who believe as I do that **the best way to honor those who tragically perished in the WTC on 911 and to pay tribute to their families, friends, and loved ones and to honor our great nation and all nations who are proponents of freedom and democracy is to rebuild the twin towers.** Additionally (and less importantly), the future design of the so-called freedom towers is completely unoriginal and utterly hideous in appearance.

Tom French All Other Americans 5/20/2008

The towers need to be rebuilt to show the world that **we will not be intimidated** by anyone. They should also be a memorial to those who died there that terrible day so that we never forget. It would show those who want to destroy anything in this country that we will not be deterred from having what we want in our own land! Those towers did not fall down from neglect they fell because of a design flaw that no one would ever have thought would happen. We can and must correct it!!!!

taylor smith 9/11 Survivors & Families 5/18/2008

please rebuild, **although i lost someone very close to me and i know i can never get them back, the towers should be rebuilt the way they were before!** time goes on and we must carry on. **a new tower with a new design says we have forgotten.** but if we go with the old look, it says. **we are strong and we carry on,** through the ups and downs. we are one nation, for justice and all.

Je crois que pour pouvoir avoir la libeřtĀ© q'il-faut, c'est nĀ©cessaire reconstruire les "Twin Towers ", parce-que toute le mond peut voire que rien de rien va faire nous oublier Āřa; La LibeřtĀ©.

I never got to see those **beautyfull towers** reach to the sky. Rebuild them. **New York needs its twins back.**

freedom tower shows the terrorists they have won, rebuild the twin towers bigger and stronger. i always wanted to go to the top on a sunny day but never got the chance. New York has not been the same without them.

Et je crois q'il faut les redimensionner: 100×100 metres du base et 500 metres d'hauteur, plus forts, plus sÃ»res et Ã©galement belles.

TWIN TOWERS FOREVER AND EVER

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
