Any "alternative" design for the WTC will simply become the Osama bin Laden memorial. Stand firm! Rebuild the Towers!

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Anything less than before is a victory for The Enemy; they targeted the WTC-building because it symbolized America's Capitalist Greatness that they seek to "humble"; WTC is about Life and Pride-not death and bowed-heads!

The best thing to do would be to rebuild the twin towers.

There is only one solution to what should be rebuilt and that is another twin towers....hell if you want the freedom tower fine just add another identical one right next to it. By not rebuilding all we are saying is that ok you got us and we are afraid to rebuild. If they had succeeded in crashing into the White House or Capitol would anyone not want those rebuilt?

Jason Figueroa Lwr. Manhattan Residents & Workers 3/19/2006

REBUILD THE WTC! Doesn't have to be exactly like it was... It just needs to be an image of twin buildings so we can say that we rebuilt even better WTC and maybe even taller if at all possible.

Nigel Eddis Metro New Yorkers 3/19/2006

Stop the nonsense and put the Towers back up where they belong.

And enough with this nonsense about the Memorial being the most important thing. It isn't. It can be decent, dignified and appropriate without costing billions.

The collapse of the Twin Towers was an enormous propaganda victory for our enemies. Our failure to rebuild them will make it permanent.

I agree with Wayne Villeneuve. We must rebuild, to do anything else is to let them win. I feel so strongly about it that every page of my web site has a link back to rebuilding the twin towers as big or bigger than they were.

Designexpo Architects and Builders 3/16/2006

Our country's approach to the WTC site is fundamental flawed. The terrorists only objective is to instill terror in the living hoping to create a shift in public policy. By leaving two gigantic voids in lower Manhattan we have played directly into the terrorist hands. Posters of "Reflecting Absence" will hang in every al-Qaeda cave as a monument to their success. In defiance of the terrorists we should create a Memorial that celebrates the lives of those lost instead of morn. Bottom line - I believe those we lost on September 11th are looking down on us hoping we stand tall and build something to inspire fellow New Yorkers and the World.

The morning that the towers fell, one of my first reactions was thinking that they MUST be rebuilt. To do otherwise sends the unfortunate message that the We the People of the United States willingly complacent victims rather than a strong, unified society.

The fact that there has been so little outcry has amazed and dissappointed me. How short our memories are.

The current Freedom Tower plan was clearly never about what New Yorkers or Americans want or think is right. If the Freedom tower is built, it will only be a monument to cowardice and political grand standing. What a shame that would be and what a disgrace to

I want to see the Twin Towers raise. They have hidden beauty and characters, unlike the other buildings. When I see TV programmes or films without Twin Towers and it makes me angry. The Twins deserves to be back and I want to visit them when they are

I believe the World Trade Center must rise again to show the world that the U.S. is still the greatest and we won't be defeated by terrorists. Building a "freedom tower" would only be honoring Bin Laden. Twin Towers II forever!
-  **michael monaco** All Other NY & NJ Residents 3/17/2006
rebuild taller & stronger than before...what a memorial that would be!

america needs and wants to have the twin towers rebuilt at any cost. these towers are our national identity and a sign of our pride and power. the freedom tower is not an option. it is truly an eyesore and will not give new york and the country what we need.
-  **Paul Foran** Citizens of Other Nations 3/17/2006
Rebuild the twins NOWWWWW..
-  **John Fenner** All Other NY & NJ Residents 3/17/2006
New York City isn't New York City without the Twin Towers. When the original towers were built, they completed the New York City skyline. I see no reason why the towers can't be rebuilt. Just be more careful as far as security this time around. The Twin Towers need to stand tall in New York again.

America should rebuild the trade towers! Its the best possible way to honor those lost on 9/11.
-  **Carol Starr** All Other Americans 3/15/2006
If it was the White House that was destroyed on 9/11 don't you think we would have rebuilt the historic building by now? The rebuilding of the WTC has become a political hot potato. And beyond that it is giving those terrorists the wrong message that "They" won. Rebuilding the WTC and RESTORING the NYC skyline has nothing to do with a memorial there. Of course, there will be memorial. No one ever said there shouldn't be a tribute to those who died. Without the Twin Towers, New York City is like an empty shell. The proposed "Freedom Tower" (don't you just hate the cliché sounding name) is quite ugly and not a worthy tribute of all. I would love to see the World Trade Center rise for the ashes stronger than ever before! We owe this to our country and the world.

I firmly believe the Towers should be replaced NOT redesigned. I worked in the Law Dept. when the towers were Austin Tobin's "dream". I'd like that dream to become reality once again.

Ever since I first saw a picture of the Twin Towers as a child, I have loved those buildings. Seeing them fall on 9/11 broke my heart. Few things could bring me greater joy then to see those beautiful towers rebuilt, along with a lovely memorial to honour all the people we lost that sad, sad day. We must find the courage within ourselves to reclaim the skies and rebuild what has been broken. No fracured Freedom tower can ever fill that void, only resurrected Twin Towers.
-  **Kim Schrijvers** Citizens of Other Nations 3/14/2006
Please USA rebuild the Towers !
December 2001 was my first time in NY and it would be my first time on these Great Towers.
My Husband had already been there and now it was my turn.
9/11 came and it was horrible the Towers with all those people went down. I could not believe what i saw, tears where flooding.
For all these victims who died, who were proud to work in the Towers, REBUILD !!
And restore the famous Skyline of NY.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
