The world was robbed of the 21st-century Twin Towers most of us always wanted.

I've supported this for years. Most people I know don't care enough to support it. What can I do? Clearly, petition signing won't be nearly enough.

I believe we should rebuild the twin towers as I feel that every time I look, there is a massive hole in the new york skyline that needs to be filled with glory.

Bobby Rogers All Other Americans 11/28/2010
Enough has been said already! Just REBUILD the Twins! The new buildings are just plain TACKY!

William Harmon All Other Americans 11/26/2010
Until they stand again, exactly the way they were on 9/10, the terrorists stand victorious as they have changed the way we are.

Chris Olsefski All Other Americans 11/23/2010
There could be no greater symbol of our strength in the face of so much hate than rebuilding the Twin Towers. We need this for New York, for the families who lost their loved ones, and for our country that is struggling to find its way.

Stephen Zelenak All Other Americans 11/20/2010
We are Americans. If a we are attacked by terrorists, we shouldn't have to let that scar from the attacks stay there for 9 years. We should rebuild, taller and better because that's what Americans do. We aren't a small helpless country! I'm sure the people who lost their lives on that day would choose the Twin Towers over that Freedom Tower piece of crap. USA!

Rebuild them, New York isnt the same with just the Empire State building =/

Kris Malhotra Metro New Yorkers 10/19/2010

I would just like to say that I am very upset the city and state of New York decided to build The Freedom Tower instead of rebuilding The Twin Towers. The Governor and Mayor lied to the American people when they said the people and families of 9/11 victims did not want the Twin Towers to be rebuilt. They lied and they are building on public property something that I do not want at all. I am a New Yorker since I was born in 1978 and I still live in this great city. I was so devastated by September 11th and I am even more devastated and upset the towers were not rebuilt.

Hi, im Jonathan, Im currently 15 years old, and i would like it if these currrupt people stop taking our tax dollars to build a building that America doesnt want.I remember 9/11 on tv.I was in the second row watching the tv in the Library when on the tv, the WTC was on fire.And this was before the second plane hit.Then my mom picked me up from school after leaving Delta Airlines.She picked me up when United 93 crashed.I was aware what was going on.2 years from now, i want to join the USMC to protect our country.And i would like it if the twin towers are rebuilt to show we have not lost.Hoorah!

Casi McNeil Citizens of Other Nations 10/18/2010
Dear Americans,

I strongly believe that the Twin Towers should stand AGAIN! I am Canadian and was only 6 years old when the Twin Towers where hit! I was nestled tightly in my bed that morning, as I was Living in BC, so we were on Pacific Time. I remember my mom wouldn't let me watch the T.V that day, I get very upset over these things. Anyways, I believe that nothing would make America prouder than to have their Twin Towers back. I know, it would make me proud to be in the neighboring country. I am proud of America, now and forever. Although I am Canadian, I would like you to know.

Andre Acorn * All Other Americans 10/17/2010

Don't destroy what was the towers they should be the same as they were that's what made them so special return the Twin Towers as they were!

An 8th grader shared this link with me. And since he made such a strong case to support your efforts, I feel compelled to join.

A combined set of Twin Towers and appropriate memorialization truly does make sense.

I respectfully suggest that we rebuild the original towers with one exception: tower one should rise nine stories taller; tower two should rise eleven stories taller. What better tribute than to follow the will of the people, especially those most affected by this devastating event? As I see it, if we do not rebuild the twin towers, then the terrorists, indeed, have won. Rebuilding the twin towers (with the noted suggestion) to their original glory would convey absolute strength and resolve. It is the right thing to do! It is the just path to take. Godspeed.

Salut, j'ai 15 ans et je viens de Montreal (Canada). J'ai toujours voulu visiter les Twin Towers et ce ne sera plus jamais possible si les Twin Towers ne se font pas reconstruire. Je ne veux pas de Freedom Tower, pourquoi ne pas avoir tout de suite reconstruit ce que New-York a perdu?! ARRETEZ LE CHANTIER, DEMOLISSEZ ET RECONSTRUISEZ NOUS LE VRAI WORLD TRADE CENTER!

TTA Note: In any language the message is clear: REBUILD THE REAL WORLD TRADE CENTER!

 **Anna Ficovi** Citizens of Other Nations 10/31/2010
I'm 14 girl from Czech Republic, who really love the Twin Towers. I believe it's not too late to rebuild them and restore the beautiful skyline of New York. I think the Freedom Tower isn't safe, because it's mostly made of glass. The Freedom Tower isn't pretty such the Twin Towers, it looks like it's from the space. The memorial doesn't look spectacular and it's expensive for the maintenance. The memorial with flags and with the wall sections is better. The Twin Towers were beautiful and unique buildings with pretty view. Inside of them it looks magnificent and spacious. Why don't rebuild?

 **Michael McNabb** All Other Americans 10/31/2010
How dare we stop at half way! Since when does America complete half the job and quit?! Rebuilding one tower at WTC, no matter how aesthetically pleasing, will always be considered only half way completed. Of course rebuilding in NYC would be ideal but construction has already begun, but if worst comes to worst, we could always build the exact WTC complex twin towers in another city. Before you balk at the idea, look up WTC twin towers along other cities skylines! It could be a good way to stick it to the Port Authority for dismissing 90% of America's strong opinion and wishes. Rebuild!!

TTA Note: Thank you for signing the petition and for your excellent comment. âœ“Twin Towers IIâœ“ is a fully designed, reengineered plan to restore what is quite possibly the most celebrated skyline in the world. As it happens there is already interest in building the plan in another city, but we will pass your idea of generating images with the Twin Towers rising in other skylines along to the man who designed the plan because it is a terrific idea. As for the Twin Towers Alliance, since we read the same media reports as everyone else, we appreciate why people would think it is too late, but it is not. Please see the Bulletins page later today for more information.

I was born in 1992, and during most of my childhood I wasn't fully aware of the existence of the Twin

towers just the way they were. we want them 2 stand where they were once stood... tall and stronger.....in the world right now we americans and citizens would like our towers standing taller and stronger. it would bring us good and happiness for all of us... if we rebuild the twin towers we will show the terrorists that we are not afraid to fight..... ! we americans would like to have our TWIN TOWERS BACK! we want what we lost 10 years ago on september 11, 2001... thank you...!

When are going to take our country back? When are we going to fight and stand up for our country? By not re-building the twin towers, we have surrendered! Also think about it...Americans need more JOBS and re-building the twin towers will give people JOBS! I thought the United States is supposedly the most powerful in the world – we need to show it to them!!

I would really like America's, and most importantly, OUR Twin Towers rebuilt. They are the true symbols of freedom here in America, both for business as well as fun and excitement around lower Manhattan. They would put the happiness and beauty back into the heart of New York, and the rest of the world as well. We NEED these towers. Everyone loves them, and we all know that it is not the same without them. I am a big Twin Towers person, probably the biggest Twin Towers person there ever was. And remember one thing people, they are OURS, so let's do it. Let's get them back !!!

 **Erik Stumberg** Citizens of Other Nations 10/2/2010

No other building in the world is more distinctive then the twin towers.

While Iâ€™m not American and the towers are gone they symbolise the land of opportunity and the American spirit.

The freedom tower is a pile of junk that ruins the manhattan skyline.

Rebuilding the towers is what everybody wants. Then why build that ugly glass junkyard that don't belong in New York?

I really hope they donâ€™t build that crap and make NY complete again.

My grandparents and sister died in that horrific day inside the North and South Towers! Rebuild the

Towers. But deep down, it feels like I got this nostalgia for the America that had the Towers up in our lovely skyline. I remember that back in September 26, 2003 I went to New York for the first time. It was an amazing experience! It would have been even more spectacular if the good old World Trade Center was still around. And while although the Twin Towers may no longer physically be there in NYC, America should know that they are still up there in spirit. Let's Rebuild!!! For America!!! Now!!!

I'm from England and I know that 9/11 greatly affected many of us, including myself. Even now, when I see the footage it still upsets me. It has long been a dream of mine to visit New York City and now I feel that need/want is even greater as I would like to pay my respects to Ground Zero.

The Twin Towers were always a major part of New York and should be rebuilt. After 9/11, my heart has always been with Americans on that day every year! God bless you all.

 **Tracy Oliver *** Citizens of Other Nations 10/21/2010

TTII!!!! It's beautiful and breathtaking, somewhat better even than the original Twin Towers. Screw the F Tower, rebuild the TTII!

 **Wayne Bloomfield** Citizens of Other Nations 9/30/2010

I think that the Twin Towers should be rebuilt cause it symbolised what America stood for and stills stands for today. If the American government should give back what the American people want, not to be mucked about with some funny looking building called "the Freedom Building", seen a picture of the Freedom Building and I think it looks very disgusting, government should give the Twin Towers back to the American people and the way I see it if that is what the American people want then the American people should get it. It will put the 9/11 families mind at ease and would be the perfect memorial

 **Gordon Rauscher** Citizens of Other Nations 9/30/2010

I remember 9/11 and being deeply affected by what I saw that day. But I also felt powerless to help.

Canada is not known for being outspoken, but those born in the countryside of the Western provinces, we are strong and moral and will ALWAYS support our neighbors in the USA as we support our neighbors at home.

By not rebuilding the Towers, you are allowing the terrorists to define for America what is right & religiously correct to do.

This is allowing the terrorists to win after our countries have lost so many soldiers in that region.

Your politicians should be ashamed.

 **carlos arevalo *** All Other Americans 9/29/2010

 **Michael Young** All Other Americans 9/27/2010

I cant think of a better memorial to those who lost their lives or a better statement to the world that American is a nation of fighters and are builders than two brand new majestic buildings towering over the New York skyline.

 **Michael Rywalt** All Other Americans 9/27/2010

I can't think of anything that we do in this country that we wouldn't at least try to restore to its original glory if taken away from us. The new "Freedom Tower" complex is a cop out.

The feds didn't just leave a hole in the Pentagon all these years, and then decide on a whim to smooth out the edges and rename the building the "Circle," did they? Why should this effectively be done to New York?

Rebuild the Twin Towers!

 **Andre Acorn** All Other Americans 9/25/2010

We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.
