## REBUILT We don't let terrorists do our urban planning for us. The Twin Towers were meant to stand forever and they should be rebuilt.

— Darin Allan / All Other Americans

The world was robbed of the 21st-century Twin Towers most of us always wanted.

I've been a supporter of rebuilding the towers since hearing the idea on NPR three years ago. Nothing else I've seen does anything but make me wince. Re-build the Towers. Confidence and courage will make it work.

We need to rebuild the Towers. These buildings embodied the NY Skyline, as well as were my work "home" for a few years. I am proud to say I worked there, and hope that I have the opportunity to say: "I am working there again." God Bless this coun

**Brian Healy** All Other Americans 4/16/2006  
Just build them!

**maria amerosa** Metro New Yorkers 4/16/2006  
please rebuild ! we need to see those towers standing taller then ever for the people who lost their lives ! for our country to stand tall and to show them ,that we are the greatest country in the world and the greatest city in the usa~twin towers 4e

**Jill Magers** All Other Americans 4/16/2006  
Build it. Let America sing again!

**Bob Pachomski** All Other NY & NJ Residents 4/16/2006  
The Twin Towers should be rebuilt the way they were, if not, then taller. We should not allow terrorists the satisfaction that they destroyed our buildings and took away so many lives. We can not replace lives, but WE CAN REBUILD!!

**Fred Vera** Metro New Yorkers 4/16/2006  
we should build them bigger and higher. That is the real tribute to the victims and their families.

**Aaron Lynn** All Other Americans 4/16/2006  
Anything less then rebuilding is cowering to the terrorists. America is not afraid and will not let that which is important to us be taken away. Imagine the strength we would show to the world if we rebuilding them 10 feet taller.

I lost a friend from the Foran High School class of 1980, Mr.Michael Miller. He was always so proud, to tell everyone that he worked in the Twin Towers! The BEST memorial to him, and all of the others lost on 9/11, is to PUT BACK what Osama Bin Laden TOOK AWAY from New York City! NO OTHER MEMORIAL WILL DO! In the past five years, Gov.Pataki and his Port authority and the LMDC have accomplished NOTHING at ground zero! The Empire State building was constructed in one year! They were, and still are, loved and missed by many New Yorkers. If you had two of your front teeth knocked out, would you replace one tooth or both? Enough is Enough already! Make New York, New York Again! Rebuild our Twin Towers!

let's get started rebuilding on the site...it's been held up long enough.

**Ann LaMattina** Metro New Yorkers 4/16/2006  
I dream of seeing those buildings standing again. That would be a victory in itself.

As a former New Yorker, born and raised in New York, it is my undeniable and solid will that the symbol of New York be restored on its proper location. Not only shall we rebuild, but restore the greatness that we lost.

**Jelle Geerts** Citizens of Other Nations 4/16/2006

Just rebuild the towers! It's the best thing they could do! ( Belgium)

I will say here what I said in my editorial in 2001: if we don't put the Twin Towers back where they were, the way they were (with a memorial, of course)—then

**Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.**

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.
