REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

The world was robbed of the 21st-century Twin Towers most of us always wanted.

I had wanted to go to the very top of those towers ever since i was in kindergarden and to know that the supposed "new" World Trade Center buildings are going to look nothing like the Twin Towers and not be nearly as tall is heartbreaking and im sure others share this feeling. There are too many people opposed to that pathetic excuse for the World Trade Center the Twin Towers must be rebuilt without them the New York skyline will never be whole again please rebuild the towers and the peoples hope.

William Kiehl All Other Americans 8/27/2009

I had always hoped to have a chance to go to the top of one of those towers if and when my chance came to visit NYC. That was taken away from me. Around the time that happened, while chatting on IRC with other people from other countries, they also expressed dismay, even anger, over what had happened to the towers, and expressed sentiments similar to mine...as has been said, those towers represent everything great that this nation has ever been. Rebuild!

SANDRA WILLIAMS All Other Americans 8/25/2009

Put the twin towers back exactly the way they were!

david roman * All Other Americans 8/25/2009

rebuild it

Shadow Farrell Lwr. Manhattan Residents & Workers 8/24/2009

Returning to NYC after 9/11 was ... incredible. Enough to leave anyone speechless. Never before or since have I heard Manhattan silent. Rebuilding the towers is the only option that should be considered. The New York skyline will be a source of pain for anyone who was there regardless of what is built, the most important consideration is that America stand back up – tall and strong.

The twin towers should be rebuilt. They were and still are a symbol of our strength, and should they be rebuilt, it will show that we will not go down for good.

For the families and friends and military members... We will rebuild. My uncle which is a firefighter for the Red Hook Brooklyn NY Happy Hookers watched the towers fall. For those whom we have lost, we will

I hate the Freedom Tower! Everything it stands for is corrupt! I know mayor bloomie did the summits in secret because he knew everyone else supported the Twin Towers II. Please Please Please don't let these few politicians get away with the biggest crime in history. Robbing the American people of a 5 star skyline and diminishing their will to nothing.

John Rigano * Metro New Yorkers 8/13/2009

exactly the same.

Adam Wahab All Other Americans 8/10/2009

I myself think its a better idea to rebuild the twin towers back and my reasons are that they make a symbol not only to america but the world also for their strength of humanity and it also makes the new york skyline. Even if the freedom tower is built something is still missing from the world trade center site. This is what the public is asking for I agree. If we rebuild the towers back hopefully we still can show our freedom and we will win. The twin towers and america will rise again.

Laurent Pobelle Citizens of Other Nations 8/9/2009

Sebastian Holmberg Citizens of Other Nations 8/8/2009

The freedom tower would be a big shard of glass creating a scar on the face of New York and America.

Drew Morales * Architects and Builders 8/7/2009

It would be fantastic if the original twin towers were rebuilt! This web site is right! IT'S NOT TOO LATE! Besides if those towers are rebuilt, new york would get back the image that americans all over the states love! New york isn't the same without the TWIN TOWERS. REBUILD THEM, NOT THE FREEDOM TOWER!

never forget u. I have proof that I will never forget and neither will my children. HOOAH WE WILL NEVER FORGET WHAT HAPPENED ON SEPTEMBER 11, 2001

 **Jay Gerber *** 9/11 Survivors & Families 8/22/2009

It hurts forever when I seen and stood a block and half away from the attacks. To put up stronger towers would bring a light back in my heart and others. This is for us, not the government.

I agree with this video 110%!!

I am appalled that we still have a huge hole in the ground 8 years after the attack!

I watched a Penn and Teller Bull\$hit episode on this! I am upset that a bunch of political yahoos are using the twin tower rebuild for some BS political agenda!

So many other people both famous and not famous say. REBUILD THOSE TOWERS EXACTLY AS THEY WERE!

The best way to give counter the evils that was done that day is to REBUILD THOSE TOWERS! AND STAND PROUD AGAIN!!

 **Lohann Freitas *** All Other Americans 8/19/2009

Dear Americans, if we all think about rebuilding the Twin towers is no a bad idea, because it would give more jobs to our americans, and we would put New York City back to place, the only thing that is missing is the twin towers and the freedom tower, what are they thinking it would make us americas weaker and thats something we are not, we united we stand.

United states need the twin towers back, so we can show the terrorists that we never give up.

Thank you

 **Michael DiNatale** All Other NY & NJ Residents 8/18/2009

I have never seen the world trade center in my life because I was born in 1994. I would really love to see the towers rise in the NYC skyline instead of "the pile of junk" Freedom tower. The WTC are my favorite buildings even though they are gone. I build them with legos and I know basically more than 87 percent of their history.

 **Alex Slingsby** Citizens of Other Nations 8/18/2009

The towers were iconic, if they can survive this long without being forgotten. Then there is something special about them. They weren't just any ordinary glass tower block.

 **Anthony Dimidis** All Other Americans 8/18/2009

Please re-build twin towers!
Only if economically feasible, of course.

 **Daren Lynch** Our Armed Forces & Families 8/15/2009

I thought from the beginning that the towers should be built bigger and better. Make it the tallest in the world, have radar and plane tracking and communications to identify, have battery missile and deterrence. Make the towers the most valuable business center in the world, put lights on top for brilliance and tracking spotlight and laser guided missiles. If there will be an attack, they will attack anything in a city. Lets show these terrorists who's boss. Lets start using laser guided missiles, drones

 **Michael Burke** All Other Americans 8/14/2009

I believe the Towers should be built back. It would be a symbol to the rest of the world that we will NEVER be broken!

 **Bryan Corbally** Citizens of Other Nations 8/6/2009

The new tower stands out only because of the ground where it will be built, and for no other reason.

I can't think of anything more powerful or defiant than to see the towers rebuilt.

 **Lorenzo Bellone** Citizens of Other Nations 8/6/2009

The Twin Towers were an icon to New York, and a symbol of freedom to this country. They Must be brought back, but built with heavier materials, and more structurally sound, so 9/11 will never happen again. They should move them offset and have the reflecting pool, in the place were the original towers were to show they will always be there in our hearts. The Freedom Tower is a nice idea, but doesn't fit New York

 **Dean Biedove** All Other Americans 8/6/2009

Rebuild them!!!!!! this is AMERICA lets GO!!

 **Steven Gerson *** Citizens of Other Nations 8/4/2009

Iâ€™m only 19 years old. 9/11 is already stuck in my mind for the rest of my life. The LAST THING I want for the rest of my life is a building that I (and many others) donâ€™t APPROVE OF.

 **Eugene Carracao** All Other Americans 7/31/2009

The botched attempts to redevelop the ground zero site are a disgrace. Shopping and retail space, and a "Freedom Tower" that climbs to a height not much higher than the Citigroup building won't memorialize those who died, or bring back the spirit of New York or the property that it lost on 9/11. The Ken Gardner plan should be followed to rebuild the twin towers, bigger, better, and stronger. Imagine the message that would be sent, with each floor being topped off, that America is back.

 **Kenneth Sumner** All Other Americans 7/31/2009

I am a resident of PA but as a child I grew up twenty miles away from DC for eight years. Almost on a weekly basis getting to see the Capitol, Washington Monument, and every thing in downtown DC that I thought represented America. Until June of 1998 when I got a chance to spend a weekend in New York City. From the moment I crossed the George Washington Bridge my eyes were fixed on one part of the New York skyline and that was the TWIN TOWERS. I knew I had reached AMERICA! Bring them back to all of us!

 **Jordan Baer** All Other Americans 8/14/2009

I would like to see the Twin Towers built back with Freedom Tower next to them. I find that to be the best option out there.

 **karyn simms *** All Other Americans 8/13/2009

 **jeremy swallows** All Other Americans 8/13/2009

I want to see the beautiful New York skyline returned to the way it was and should be again! I think this would be good for America.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
