**REBUILD THE TWIN TOWERS!** Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Build 'em back up the way they were before. That will send a message to those Islamofascist bastards.

**Robert Cazzell** All Other Americans 6/24/2007  
There is nothing I can think of that would send so loud and clear a message to those who planned, executed, and celebrated the World Trade Center's destruction. Rebuilding the towers would unequivocally say to them, "You did not succeed."

**William Gawchik** All Other NY & NJ Residents 6/24/2007  
This should have been the first plan not the last option. Build the towers.

**Graeme Willox** All Other Americans 6/24/2007

It is the only truly American way we can go. We are not sheep to be sheared and spat upon. Americans need this lesson in being American. Especially our kids. We may get bloodied in the battle but we get back up. This is not about arrogance it is about national character. We need to be reminded that God willing we can do anything.  
In the 60's when a lot of this incidious weakness began there was a ray of hope in it's midst. It was the Apollo moon landing. This is our mission.

**Marcus Rivera** All Other Americans 6/24/2007  
All Americans, especially the victims' families, deserve to see the towers rebuilt.

Losing a huge powerful landmark like the WTC was devastating for everyone in this nation...even us here on the West Coast. It's as if a huge molar had been extracted and the wound neglected. Islamic fascists are your enemy...don't ever forget that. The Empire State Building was built in just over a year. We landed

**Joseph Kalinowski** All Other Americans 6/24/2007  
Build them again, make them white, and make them taller!

We can build the Twin Towers Better, stronger and faster.

Construction Technology, Steel Fabrication Have greatly improved since the Originals Twin Towers were built. We need to honor those who perished and get it done. NOW!

**neal esposito** All Other Americans 6/24/2007  
rebuild! dare we do anything but?

**Chris Grayson** Metro New Yorkers 6/24/2007

I'm not an absolutist about this, but this design-by-committee solution that we have now is nothing worthy. If something completely awe inspiringly spectacular were to come forward, I would say "Let's Do It," but nothing has. Even with a list of respectable architects, it is ultimately all a hodgepodge of special interests that have cobbled together this plan. Either give one architect control to design something that will stun the world, and if not, then rebuild the towers.

defiance !!!

**Thomas LaPrade** All Other Americans 6/24/2007  
Dear Sir or Madam,

I truly believe that we should rebuild the twin towers and to increase it's size. The current planned Freedom Towers is not the right choice for that particular building site.

Rebuilding the Twin Towers would send a clear message to the rest of the world that we will not tolerate Terrorists who want to take our freedoms away from us.

I also Love the design of the Freedom Tower but not for that site.

Sincerely Yours,  
Thomas LaPrade

**Mary Jane Draves** All Other Americans 6/24/2007

on the Moon with a balls and a Sliderule. We can and more importantly SHOULD rebuild the World Trade Center as it stood. NYC needs it's core restored.

 **David Hughes, Major, USAF \*** **Our Armed Forces & Families** 6/24/2007

Build'em exactly like before, only make them the tallest buildings on Earth; taller than Burj Dubai, Taipei 101, Petronas Towers, or Sears Tower.

 **David Prisbrey \*** **All Other Americans** 6/24/2007

I wasn't sure what I thought about this cause, but after seeing the old picture of the two towers, I emphatically agree that the two towers would heal mine and all other broken hearts due to 9/11.

 **David Alexander** **All Other Americans** 6/24/2007

Spit in the bastards' faces, both foriegn and domestic terrorists and all haters of Our God Blessed Republic. Build 'em back stronger, bigger, taller. The WTC Towers have become one of our symbols of Individual Freedom and Liberty! "We the People" must continue to show the world that government – in all its forms – is here to serve Our Will. Not the other way around!

I'm a Navy veteran. I work every day in the rebuilt Corridor 4 of the Pentagon. I think my countrymen and women in New York should have the same opportunity. Rebuild the towers.

Please build an exact replica of the Twin Towers and devote some of the space to a memorial. Let it be a sign to all that we stand united against our enemies. How dare they try to undermine our way of life, freedom and our American dream.

 **david fruge** **All Other Americans** 6/24/2007

The greatest nation must have the tallest towers. They've got to be taller, and let's make sure we have the TWO tallest sky scrapers in the world – and the best, most honorable memorial money can buy.

 **KERRI NICHOLS** **All Other Americans** 6/24/2007

REBUILD THE TWIN TOWERS FOR ALL AMERICANS!!!!

 **Larry Maduras** **All Other NY & NJ Residents** 6/24/2007

I grew up on Long Island. I remember being at relatives in Astoria, & if the night's lighting was right you could see the tops of the Towers. I remember standing up against the side of the Tower's unique architecture and looking straight up in amazement at such a feat of engineering & construction. I remember taking my wife to the the top of the Tower. And I remember watching in horror & disbelief when the Towers came crashing down, my heart burst open that day, life has never been the same.

 **David Camp \*** **All Other Americans** 6/24/2007

Re-build it bigger and better!

**Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.**

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

\* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
