REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

As A Brit, proud of my Nation's greatest creation – the USA – I agree wholeheartedly with the sentiment behind this petition. An Attack on U.S. values is an attack on my values. JD.

A few years back there was a hit song entitled "I get knocked down, but I get up again" You should adopt this as your theme tune.

The Twin Towers were an integral part of New York City. They enshrined everything that was best about this great city. That is why our enemies destroyed them.

Let us hold up our heads, refuse to allow our enemies the satisfaction of having damaged this great world city beyond repair. REBUILD THE TOWERS! Then New York will never die.

The NY skyline must have the Twin Towers back, but taller.

I was born and raised in NYC, (now living in LA). I attended the World Trade Institute and later had my wedding reception at the Windows of the World on th top of the Towers. A week ago, I took the Circle Line boat around Manhattan. It hurt me to see the empty space in the skyline.

We must bring the Twin Towers back!

Landmarks such as this make a nation and as a scot I know what pride we have in landmarks such as the Forth Bridge and Edinburgh Castle. My support goes out to you.

My father worked in the WTC. He past away before 911. I know if he was still alive he would be for rebuilding our twins.

Rebuild the towers as they were. Rebuild them better, stronger. Because if the "Freedom Tower" arrives to be built, it will be built as the response that the terrorists want. Then it will be not really a free answer to the terrorism. Rebuild the towers and place a

The only buildings I want to see back are the Twin Towers the way they were. Anything less and we give in to the terrorists. I don't want the Freedom Tower. I want see my beautiful Towers back, nothing less. I truly believe the murdered victims would want the same thing.

I think the towers should be rebuilt in some manner and if a monument is to be made to those who have lost their lives in the Towers then it should be like one of the monuments in Washington DC!1 Not a underground waterfall!!

I don't mind having a fresh new design, however will love to keep the original concept of "Twin Towers". The Twin Towers Concept has become a symbol/icon of New York and should be taken into consideration.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
