REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

Yes, I do believe the towers should be replaced in their form...maybe taller. Not only did they define NYC and the US but we shouldnt let the terrorist...we should raise up two new towers and say the hell with yall...

**Debra Usvaltas** Lwr. Manhattan Residents & Workers 4/18/2006

Please.. we need those towers back.. nothing built but those towers will make the downtown complete.

Almost 5 years later and nothing done? That isn't very New York of us. In fact, it's pathetic.

I am proud to become a small part of your enormous endeavor. Though I may disagree with the design concepts, I agree that we must rebuild. May God enable us to create an awe inspiring tribute to the victims and their loved ones!!!

If we dont build the towers back the way they were, the terrerits have won.In my opinion,We should build them back EXACTLY as they were, and build them 10 stories higher than before.

**René Kabis** Citizens of Other Nations 4/18/2006

If change is needed, make them taller. That's all. Keep them looking the same as before, identical in all other respects, so that the enemies of democracy can see their misguided beliefs mocked and ridiculed.

Do the right thing, Mayor Bloomberg, and bring back the Twin Towers! DC rebuilt the Pentagon, right? Our war in Iraq doesn't send the message to terrorists that we are strong-rebuilding the WTC better than ever will!

Nothing less than full rebuilding of the Twin Towers will tell the world that we might be hurt, BUT WE CAN'T BE BROKEN! We should make sure the new Twin Towers are the tallest buildings in the world. Period. By a lot.

**C. David Pugh** All Other Americans 4/18/2006

Lemme ask this question: if the White House was completely destroyed in the attack, whould we be quibbling about a replacement that's less than the original?

Of course not. Rebuild'em even bigger than before.

**John Heigel** All Other Americans 4/18/2006

It would be a sin to build something other than the twin towers. The world must see that The United States of America cannot be pushed around. If we are knocked down, we get up and do it better the next time.

America deserves replacement towers. By not rebuilding something just as spectacular at ground zero, I feel we are accepting defeat. That's not what Americans are. We look fear in the face and prove to the world the great things we can accomplish.

Rebuilding the World Trade Center will be a fitting tribute for the people who died that day. As Americans, We can't make the terrorists win over this country. We need to stand up as one nation show to the world that we can overcome 9-11 and rebuild

 **Robert de Claire \*** All Other Americans 4/18/2006

Remember the "broken window" syndrome?? Fix it right away or more will be broken. The dis-couraging lesson the terrorists need to learn is that when they destroy something, it comes back 'bigger and badder' than before. Destruction = self defeat.

 **Nancy Habeger** All Other Americans 4/18/2006

Let's rebuild, I have collected things and have a book I have put together about 9/11. I would love to see them rebuilt.

**Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.**

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

\* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.

*This website is not as scalable as newer sites are and is best viewed on full-size monitors.*
